How have you been involved with Lutheran Island Camp?

Volunteer, Camper

Please share with us one or more of your favorite memories at Lutheran Island Camp. Sooo many memories. I would have to say the evening campfires were the best.

Tell us how God has worked through camp in your life.

Please feel free to share a personal update with other alumni in the space below.

My life has brought me to small town Minnesota. I live in rural Benson on a hobby farm. I got married in 2006. Wade and I have a few animals, chickens, ducks, dogs, cats and a calf. In the summer we enjoy camping, fishing, gardening. Basically anything outside. I would guess my many summers at camp would have a lot to do with that. I work as a medical coder at Rice Memorial Hospital in Willmar. I spent a couple years traveling the country installing information systems for rural hospitals, but have now settled into a more traditional job so I could be home more. I have a 10 year old step-son, Hunter. We enjoy having him come stay with us in the summers and weekend, he insists that he is going to come live with us permanently. Hopefully that can happen someday soon. We have been working on having children, but haven't been blessed with that yet.
